Dear Friend,

We wanted to send you an update from our team, and a praise for God's provision. Below is just one story of how God is opening doors and making a way for our team to serve the many refugees flooding to western Ukraine.

Given the difficulties to buy food and basic products in Ukraine, we have been working together with our Crisis Management Team to purchase and arrange transport for the resources our missionaries in Ukraine need to feed and house the many refugees in Lviv. The bus bringing the supplies then transports refugees out of Ukraine on the return trip.

When everything was ready for the bus to leave from Poland to Ukraine, a last-minute change with insurance companies in Poland meant they were unable to bring a vehicle from Poland into Ukraine. We prayed for another way, and in less than 24 hours God brought in a new contact and another bus in Slovakia. However, the new arrangement meant we needed to find a place for the refugees that would come into Slovakia, and quickly! But God was already at work. Before we could ask anyone, we received an email about a place in Slovakia that could host large groups of refugees. They did not know we were looking for that very thing, but God knew our needs and He provided.

Last weekend, these plans came to fruition. On Saturday morning, a bus with 4 tons of supplies (mostly food, plus some mattresses and basic necessities), left Slovakia and arrived in Ukraine, where our ECM team and a group of volunteers unloaded and received the materials. The supplies went to several places where our team and their network are hosting refugees in western Ukraine. The bus then returned with 48 refugees who were evacuated to Poland and Slovakia.

We want to thank you for your prayers and your support that have made it possible for us to provide these resources. We are already planning for another bus to take supplies into Ukraine, and to evacuate more refugees. Please continue to pray for all involved, and if you are able, continue to give to support these efforts.
